Because you know your pet better than anyone, we need your help to make his/her visit Fear Free!

- Bed or crate with bedding _____
- Bowls that smell familiar _____
- Favorite toys _____
- Regular food & favorite treats _____

Please describe the items you brought in the section above so we can make sure you get them back. It is helpful if your pet's name is on the items. There are times that some items can be misplaced or damaged during your pet's stay with us. We do not assume responsibility for lost or damaged items.

We want your pet to feel safe and secure in our care. If our veterinarians determine that your pet is concerned or worried and is unable to relax and enjoy him/herself, they may review your pet's medical record and consider prescribing dietary supplements or medications to help decrease fear and anxiety.
